PASSENGERS ARE HELD

Ten Persons Were Taken From the
Steamer Alamo

UPON HER ARRIVAL.

Ten of the individuals were sus-
pected of having primal stage
of yellow fever and sent
to Hoffman's Island.

Galveston, July 29.—Were it not for the unfortunate publicity that will be attached to the action of certain New York health officers in removing from the steamship Alamo some ten passengers for inspection, this might be considered a joke by the Empire State on that of the Lone Star. Very properly the "wives, mothers, husbands, children, brothers, or sisters" declined to be separated from their relatives in this comedy of errors. They all left Galveston on last Saturday, July 22, and the passenger list indicates that they represent all portions of Texas, while one came from Monroe, La., three from Roswell, N. M., one from Arizona, three from California and three were returning to their homes in New York.

"The Alamo," stated J. B. Dennison, agent of the Mallory line, "sailed direct for New York and did not, or was not supposed to, call at any intervening port, even Key West."

The following are the telegrams dated New York, sent out by the Associated Press, under Friday's date:

"Twenty-five persons were today removed from the steamer Alamo from Galveston, suspected of yellow fever infection, and were transferred to Hoffman's Island for inspection. Only ten of this number really have the high temperature which is the first symptom of the yellow plague. The other fifteen were wives, mothers, husbands, children and brothers or sisters, who refused to be separated from their relatives and who were in consequence sent to the detention station with the suspects. More than half of those removed from the vessel were cabin passengers."

Another telegram, dated New York says:

"The Alamo was out almost seven days from Galveston, and during that time none of her passengers showed any signs of illness. There was no fever in Galveston when she left, and none of her passengers had been to New Orleans. The only indication of fever among them was the slightly higher temperatures of eight passengers, but Dr. Doty thought this of sufficient importance to remove them. All of these refused to be separated, and as a result twenty-five were taken to Hoffman's Island."

NONE AT GALVESTON.

Dr. Tabor and City and County Physicians Telegraph Denials.

New York, July 29.—The Associated Press received the following dispatches from Galveston, Tex.:

"Galveston, Tex., July 28.—Nothing at all resembling yellow fever has occurred here this season. Mortuary reports this and last week show no case of any kind of fever except one of long existing typhoid."

"G. W. TRUEHEART, M. D.,
"City Health Physician.

"E. S. COX, M. D.,
"County Health Physician.

"I believe the above statement absolutely true. GEORGE R. TABOR,
"Texas State Health Officer."

THREE DEATHS FRIDAY.

Twenty-One New Cases Were Also Reported on That Date.

New Orleans, July 29.—New cases Friday, 21; deaths, 3; total cases, 227; total deaths, 47; new foci of infection 8; total number of places in the city where fever now exists, 35.

This official report was issued at 9:30 o'clock Friday night, and it is probably admitted to show the first spread from the original sources.

The number of new foci of infection is the most alarming feature of the situation now. There are now thirteen cases in the emergency hospital. One case died there Friday night. Another died at the charity hospital.

Two suspicious cases are reported from Lumberton, Miss. This is the farthest point yet to report suspicion.

It was officially announced that the suspicious case at Bayou Goula, La., is genuine yellow fever. The same is true of the case at Bowle, La. Port Barrow, Miss., also has a genuine case.

The entire section above Canal street is free from a single new case and the fever is only spreading in the poorer habitations of the downtown section, with new cases isolated except in the heart of the French market quarter. The health authorities continue to hold also that the plague remains an Italian infection, all but two of the twenty-six cases being of that nationality. Almost without exception since the beginning of the disease, those who have fallen victims have been of the poorer classes of the population, many of them not long residents of the United States and, therefore, unacclimated.

Galveston, July 29.—The quarantine of Texas against Louisiana has been raised and now includes only New Orleans and other points known to be infected.

EMBARGO ON FREIGHT

This Drastic Action Causes Business Men Uneasiness.

MANY PLACES DO IT.

Number of Towns Will Not Permit Merchandise of Any Kind From Crescent City to Enter Their Limits.

New Orleans, July 29.—The most disquieting news in the yellow fever situation Saturday was evidence of the panic increasing in smaller towns of Louisiana and Mississippi and that a disposition was growing to revive disastrous commercial quarantines of 1897, when some country towns even refused to receive ice or hardware from New Orleans. Columbia, La., bars all kinds of merchandise except hardware. Utica, Miss., will not receive freight of any kind. Osyka, Miss., will take no fruit or vegetables. Jackson, La., wants no household articles from New Orleans. Several towns in Tennessee and along the Mississippi Valley road in Mississippi refuse to allow express matter of any kind to be put off. Fort Gibson, Miss., will not take bread nor anything wrapped in burlap that may be shipped from this city. Some Texas towns are asking that the mails be fumigated. If movement of the quarantine of freight spreads, New Orleans will suffer more seriously than from the fever itself. Up to Saturday there had been no local apprehension of a dangerous epidemic, and it is believed that if the boards of health in other states lived up rigidly to the agreement not to place any restrictions upon transportation of freight there would be only a slight reduction in business, and the chief inconvenience would be in the inability of country people to come here and of New Orleans people to go into southern towns and cities.

Anticipating quarantines, most of the business houses, with the discovery of the fever, wired their druggists not to come to town, but remain in their territory, so they might travel freely and send in orders as usual during the prevalence of sickness; but if an embargo is put on freight now New Orleans druggists will find their usefulness at an end and New Orleans' natural business will be diverted to other points.

The history of the case of yellow fever reported at Lumberton, Miss., the first in that state, had not been traced, up to Saturday night, but it was not considered improbable the victim is one of the many Italians who fled from the French market districts here. Very probably cases will develop at other points, though the danger is constantly lessening, because so tight is the cordon drawn around New Orleans now, at least so far as emergency of Italians is concerned, that it is doubtful if any more will be able to leave the city. Lumberton is on the Ship Island road and it would not have been difficult for Italian from here to have gone that point. Dr. Wasdin of the marine hospital service is in charge of the Lumberton case, which has been screened and isolated and is being scientifically treated. It is not considered probable there be any spread there, and Ship Island trains will continue to run to Gulfport.

Cleaning campaign continues to be carried on with great energy, and every cart to hire in the city have been requisitioned by the public works department and citizens' committees. Tons of street cleanings are being transported to the rear and hundreds of barrels of lime are being used in an effort to purify the streets, gutters and back yards. The masses of the people think disinfectants serve a double purpose—that of killing germs and that of putting fever bearing mosquitoes out of the way.

The Era club, one of the chief women's organizations of the city, have volunteered its services to Dr. Beverly Warner, proposing to hold parlor meeting daily in order that the women of the city may be instructed in the crusade against the mosquitoes and best methods of ridding in the city of them.

Much sympathy is felt here for Memphis, which has been compelled to quarantine New Orleans against her will. On the first report of fever that it sent a representative here, who put himself close touch with the situation and saw no necessity for quarantine, and the health authorities would doubtless have kept their promise not to bar New Orleans refugees if imposition of quarantines by other cities against Memphis had not forced them to act in self-defense.

Vidalia, La., July 29.—Alexander Winn and Nelson Walker, negroes, were executed here for the murder of Charles Hauck, a white man. Neither made a confession.

Smothered in Wheat.

Elgin, Okla., July 29.—Edward B. Padghue, a nine-year-old boy, was smothered to death in an elevator at this place. The little fellow was playing about the elevator and got into one of the bins of wheat, where, despite his struggles, he sank out of sight. When he was taken out life was extinct.

The Eagle herewith presents a good outline picture of the Allen Academy building as it will appear when the improvements now under way are completed. The Eagle has heretofore published a detailed description of these improvements.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - - Per Month, 40c

SUNDAY MORNING, JULY 30.

The postoffice receipts at Ennis have reached the amount sufficient to justify free mail delivery, and an application has been made to the postoffice department.

The only exhibit Waller county had at the Farmers' Congress was some fine stalks of cotton brought there by R. G. White of Hempstead to illustrate the effect of his boll weevil eradicator. The stalks were very full of bolls and made a fine showing for Mr. White's remedy.

Visitors to the Farmers' Congress made repeated references to the need of a motor car or trolley line between Bryan and College, the matter even coming up in some of the discussions at the general sessions. Much as Bryan people want the line, the crying need for it has never been fully realized. Whenever it is, it will be built. The Eagle hopes the next congress will find it in operation.

We are in receipt of a copy of the catalogue number of the College Bulletin, published by the College of Industrial Arts at Denton, Texas. AWAKENED.

Slowly the People waken; they have been like weary soldiers sleeping in their tents. While traitors tiptoed through the silent camp intent on plunder. Suddenly a sound—A careless movement of too bold a thief—Starts one dull sleeper; then another stirs, A third cries out a warning and at last The people are awake! Oh, when as one The many rise, united and alert, With justice for their motto, they reflect The mighty force of God's Omnipotence, And noting stands before them. Lusty greed, Tyrannical corruption long in power, And smirking Cant (whose right hand robs and slays So that the left hand may dower Church and School), Monopoly whose mandate took from Toil The Mother Earth that Idleness might loil And breed the Monster Colossal Wealth—All these must fall before the gathering Force Of public indignation. That old strife That marks the progress of each century, The war of Right with Might, is on once more, And shame to him who does not take his stand. This is the weightiest moment of all time, And on the issues of the present hour A nation's honor and a country's peace, A People's future, aye a World's depends. Until vital questions of the day Are solved and settled, and the spendthrift thieves Who rob the coffers of the saving poor, Are led from fashion's feasts to prison's fare, And taught the saving grace of honest work—Till Labor claims the privilege of toil, And toll the proceeds of its labor shares—Let no man sleep, let no man dare to sleep! Ella Wheeler Wilcox

It looks like President Roosevelt stands to lose much of his glory as a world dazler in the Panama Canal business. The Commoner says: Those who have familiarized themselves with all the obtainable facts concerning the Panama canal are not at all surprised at the conditions that obtain in the canal zone. From the moment the men interested in the welfare of the trans-continental railroads succeeded in switching to the Panama route no well informed man has entertained an idea that the canal would be constructed within any reasonable time. To obtain a canal was not the purpose of the men responsible for the abandonment of the Nicaragua route and the selection of the Panama route after the latter had been discredited by the best engineers and by the lamentable failure of DeLesseps. On the contrary there is plenty of evidence to convince the careful observer that a canal connecting the Atlantic and Pacific oceans was just what they did not want.

PROSPEROUS AND LAW ABIDING.

Castro District Court Had Only Two Civil Cases—Crops Are Good.

Dimmitt, Texas, July 23, 1905.—As I have not written for some time to the Eagle will endeavor to do so this afternoon as it is raining. S. I. Lee and I thought of coming to the Farmers Congress at College with an exhibit of farm products from Castro county, but on account of so much rain of late we are not through hauling and stacking our wheat and oats, and we couldn't find out how much time we could get on our tickets. Of course we would want to stay with our old friends ten or fifteen days at least.

Our district court convened July 10th with Judge L. S. Kinder on the bench. The grand jury were sworn in and given their charge, and went to grinding away and held three days. The petit jury impaneled on the 11th at 9 a. m. and finally discharged at 1 p. m., there only being two cases on the docket and were both continued, both being civil cases. How is that for a law abiding country?

While the plains are looked upon as a cattle country, we must say she is fast becoming a diversified farming country. People a few years ago thought that sorghum and kaffir corn were about all that could be successfully grown here. Now our farmers raise wheat, rye, oats and barley, and, in fact all kinds of small grain besides their forage crops. The wheat that has been threshed up to date has turned out from 15 to 31 bushels per acre. Already there has been one car load shipped to Dallas from Hereford, and there will be several more as Castro has never commenced to thresh yet. Castro and Deaf Smith have also shipped from Hereford 70,000 lbs. of wool this spring, and I don't know how many car loads of cattle.

BEWARE OF SUMMER GERMS.

Will Cause Sickness Unless Stomach is Strengthened With Mi-o-na.

One tablet of Mi-o-na taken before each meal during the summer months, whenever the stomach is out of order, or the digestion weak, will do more than any other treatment to prevent the diseases caused by germs at this season.

If the stomach is weak so that food does not readily digest in it, the food will become a sour slimy mass in the digestive organs, the ideal condition for germs to cause bowel trouble, diarrhoea, or other summer illness.

Mi-o-na will soothe and heal the irritated mucous membrane of the stomach and digestive tract, stimulate the solar plexus, and strengthen the whole nervous system. This remarkable remedy will make the whole digestive system so healthy clean and sweet that food cannot ferment, and any disease germs which may enter the stomach will be destroyed.

Just one small tablet out of a 50 cent box of Mi-o-na before eating, and you will have no headaches, back-ache, poor appetite, distress after eating, heart-burn, furred tongue, sleeplessness, or general debility. It will tone up the digestive system and give perfect health and strength.

Take Mi-o-na now, and E. J. Jenkins will guarantee to refund the money if it does not cure. The risk is all his.

SOCIAL and Club Matters

Mr. and Mrs. G. S. Parker opened their hospitable home Friday afternoon to the Needleworkers. Miss Mary Ross Parker being the hostess. On entering the reception hall the guests were served with punch by Misses Lila Adams and Dorcas Parker. The colors used to carry out this prettily arranged party were pink and white. The handsome mantels, bookcases and piano were made more attractive with roses of these colors. Blind "42" was the game played. The dainty score cards were pink and white embroidery bags and each game was scored with pink and white spools of thread. Miss Pauline Webb was found to have more spools of thread than anyone, and was presented a pretty handkerchief bag by Miss Frances Chance. The booby, a thimble, went to Miss Ruby Connelly, and was presented by Miss Sarah Allen. An appetizing course of salad with ice tea was served by the hostess and her mother, and thus ended a most pleasurable afternoon.

The Many Merry Maids had, as their hostess Miss Onie Reed, this past Wednesday, and fortunate indeed did each guest feel to come under the charm of her bright smile and cordial manner. The cool porch was filled with rugs, sofa pillows and lazy chairs and the hum of voices with the merry peals of laughter made one wonder if the "needles" were plying very fast although each pair of dimpled hands caressed some bit of linen and lace. As "all work and no play makes Jack a dull boy" the fancy-work bags were presently laid away and a romp of "handkerchief" and "goosy, goosy gander" were enjoyed on the lawn until the hostess came with such refreshing ices and cakes, one felt as if each cup of joy was well nigh to the brim. The shadows were lengthening ere the last guest departed leaving the hostess laden with good wishes from each and every member. The club will meet next week with Miss Dorcas Parker.

A. L. H.

The home of Mrs. H. L. Fountain was the scene of a charming lawn party given Thursday evening, by Miss Alice Fountain to about twenty couples of young friends. The cool and beautiful lawn, carpeted with Bermuda, was brilliantly lighted with colored lanterns, and dotted with chairs and settees, affording a delightful place to while away a summer evening. Miss Alice is a gracious hostess and inspired her guests with her sweet and light-hearted manner and the unfeigned pleasure she felt in having them with her. Miss Helen Pevely presided at the punch table on one side of the lawn and Miss Norma Dennis served bon bons at another point of vantage. Further refreshments were enjoyed in the form of cream and cake.

The home of Mr. and Mrs. Louis Batte was the scene of a jolly watermelon party Tuesday evening complimentary to Miss Clyde Collier of Mumford, guest of Miss Norma Dennis. Twenty-five couples were present and enjoyed the feast. The lawn was brilliantly lighted and dotted with tables whereon was served the "tempting fruit of the vine." No more enjoyable event has marked the social gaieties of the summer.

The young men of the K. M. Q. club gave another charming informal dance at their hall on Thursday evening. About twenty couples were present. Mr. and Mrs. Whit Doremus, Mr. and Mrs. Hal Hearne and Mrs. Yeagan of Dallas were the chaperones. Mr. O. E. Saunders and Miss Alma Cole led the grand march.

A merry party including married and unmarried people spent a delightful evening and partook of a 7:30 o'clock supper at the Fin-Feather lake Friday evening.

Hay rides have been a popular social diversions the past week. Mr.

and Mrs. Frank Myers catered a party of ten or twelve couples out to Carier's creek bridge Monday night, and Mr. and Mrs. W. C. Davis another party to the same place Tuesday night. Excellent lunches were features of both evenings.

SIDEWALK BUILDING.

Some Texas towns are agitating the question of sidewalk building along vigorous lines. Bryan is very well equipped in the business part of town, but is sadly in need of sidewalks in the residence part of town. The few notable exceptions to this rule make the necessity all the more apparent.

The Navasota Examiner says: The question of the right of a city council to force property holders to maintain good sidewalks was raised at a recent meeting of the city council at Navasota. The city attorney reported that there was no question but what the council had this power so far as the business property is concerned. The sidewalks of Navasota are a disgrace. No wonder the majority of our people walk as though they had traveled across corn rows all their lives.

The McKinney Courier, with reference to a similar question, says:

The ordinance passed by the city council of McKinney requiring every occupant of real estate abutting upon sidewalks within the corporate limits, to keep said sidewalks free from grass, weeds and other growth will go into effect Saturday, July 29. This not only applies to owners of real estate but to those who rent property. Better to begin to cut the grass and weeds now.

WHAT MAYOR SAYS.

Rigid Quarantine Hurting City Worse Than the Fever Malady.

New Orleans, July 29.—Mayor Behrman gave out the following signed statement to the newspapers: New Orleans is suffering more from rigid quarantines than from yellow fever, of which the citizens here have the fullest control. The mosquito theory is accepted by our physicians and laymen alike, and there is nothing remaining to be done but fight mosquitoes, which is being done by oiling gutters and screening and oiling cisterns.

"The number of new cases was less Friday by five than on the preceding day. We have the situation so thoroughly in hand that we believe we will shortly convince the world that by working on the mosquito theory yellow fever will be entirely robbed of its perils, and that shotgun quarantines are senseless as a method to fight the yellow fever as such method cannot prevent the spread of mosquitoes. This is a fight wholly against the stegomyia fasciata mosquito.

"MARTIN BEHRMAN, Mayor."

British Steamer Held.

Norfolk, Va., July 29.—The British steamer Saratoot, which sailed on July 8 from Belize, from which place the yellow fever was imported into New Orleans, passed in the Virginia capes Friday and is being held in quarantine. The vessel was en route to Newport News.

**Weak
Hearts**
Are due to indigestion. Ninety-nine of every
one hundred people who have heart trouble
can remember when it was simple indiges-
tion. It is a scientific fact that all cases of
heart disease, not organic, are not only
traceable to, but are the direct result of in-
digestion. All food taken into the stomach
which fails of perfect digestion ferments and
swells the stomach, puffing it up against the
heart. This interferes with the action of
the heart, and in the course of time that
delicate but vital organ becomes diseased.
Mr. D. Kauble, of Nevada, O., says: I had stomach
trouble and was in a bad state as I had heart trouble
with it. I took Kodol Dyspepsia Cure for about four
months and it cured me.

**STATE
FAIR
OF TEXAS**
DALLAS, TEXAS

SEPTEMBER 30--OCTOBER 15, 1905
ANNOUNCEMENT.

The present organization, known
as the State Fair of Texas, stands
today without a parallel in the his-
tory of Fairs. It is owned and man-
aged by some fifteen hundred of the
most prominent citizens of Dallas,
who have donated the money to
build a fire-proof auditorium and
exposition building on the Fair
Grounds, costing \$100,000 and in ad-
dition to this have advanced the
princely sum of \$90,000 for premi-
ums, purses and attractions that the
Fair of 1905 may go down into his-
tory as the largest and grandest
event of its kind ever given in the
Southwest.

Every stockholder of this institu-
tion has signed an agreement to do-
nate his stock for the good of the
cause, and under a contract with
the City of Dallas, it is agreed that
no officer nor director, other than
the Secretary, shall receive any
compensation for his services and
that every dollar earned by this Fair
during the next twenty years shall
be expended in the effort to make
each succeeding Fair better than
the last.

The gates of the Twentieth Annual
Fair will open at 10 a. m., Sept. 30,
1905, the Fair continuing sixteen
days.
During this period the public is
assured of sixteen days solid pleas-
ure and recreation, as well as the
opportunity of seeing the largest
and best display of live stock ever
collected together in the South.
The lovers of speed races are as-
sured thirteen days racing with
high-grade horses, competing for
purses aggregating \$30,000, and last,
but not least, the homeseeker will
have an opportunity to examine a
complete display of the varied re-
sources and industries of Texas, as
well as those of her sister states.
For further information and de-
tails address the State Fair of Texas,
Dallas, Texas.

Yours respectfully,
STATE FAIR OF TEXAS
C. A. KEATING, President.
SYDNEY SMITH, Secretary.

ALL RELEASED.
No Suspicion of Alamo Passengers
Having the Yellow Fever.
New York, July 29.—All passengers
of the Mallory line steamer Alamo who
were transferred to Hoffman Island
have been released. The Alamo pas-
sengers were detained on suspicion
that some of their number might be
suffering from yellow fever. Twenty-
four hours' observation and the closest
inspection, however, has removed all
suspicion.

BAYONET QUARANTINE.
Mississippi Soldiers Will Maintain a
Rigorous Restriction.
Mobile, July 29.—A special from
Gulfport, Miss., says: "Governor Var-
daman, acting for the state board of
health of Mississippi, placed Adjutant
General Fridge in charge of the state
quarantine service and all future ag-
gressions against the yellow fever
plague in Mississippi will be conducted
under the auspices of the adjutant
general's office. Advance detail of offi-
cers and men stationed at Camp Ward
who are preparing the campgrounds
for encampment of Mississippi Nation-
al Guard will be utilized to supplant
the civil force now on duty throughout
the state, and the most stringent quar-
antine will be maintained in the state.
General Fridge has issued imperative
orders to the soldiery to maintain the
quarantine at point of the bayonet."

Declared Untrue.
Jackson, Miss., July 29.—The report
that Governor Vardaman called out
state troops to prevent Louisiana re-
fugees entering Mississippi is untrue.
The governor has detailed Adjutant
General Fridge and several officers and
privates of the Mississippi National
Guard who have charge of the quar-
antine.

SEVENTEEN TAKEN OFF
From Colon and Transferred to De-
tention Hospital For Observation.
New York, July 29.—Seventeen per-
sons were removed from the steamer
Segurana and transferred to the de-
tention hospital for observation when
the steamer arrived from Colon Sat-
urday. Two of these were first class
and five second class cabin passengers
and ten members of the steamer's
crew. Eight of the crew had been ill
during the passage of the steamer, but
six of them were reported to be con-
valescent when the Segurana arrived.
Four members of the crew suffering
from yellow fever were removed from
the steamer just prior to her departure
from Colon.

LARGE DONATION.
Bishop Receives Check For Over Two
Hundred Thousand Dollars.
Los Angeles, Cal., July 29.—Bishop
Conaty of this diocese of the Roman
Catholic church confirmed the report
that he had received the personal check
of a Los Angeles for \$225,000 as a do-
nation to the Home of the Little Sisters
of the Poor, work on the construction
of which is about to begin. Bishop Con-
aty declined to make known the name
of the benefactor.

No New Cases.
New Orleans, July 29.—A dispatch
Saturday from Drs. Wadlin and Don-
ald, who have charge of the case at
Lumberton, Miss., stated no new cases
had appeared and they felt confident
of their ability to stamp out infection
without further spread. Order re-
quiring all persons to exhibit health
certificates before entering Mississippi
went into effect Saturday.

Two on Plantation.
New Orleans, July 29.—A report was
made that two cases of yellow fever
were on Willwood plantation, near
Wagaman, in Jefferson parish. Pa-
tients are convalescent. They admit-
ted they entered the parish after leav-
ing the French market district here.
Both cases have been screened and
isolated.

Against All of Them.
Houston, July 29.—The Southern
Pacific railway has received a cable-
gram from Havana stating that city
extends the quarantine against all
Gulf of Mexico ports from Florida to
the Sabine river.

IRON MOUNTAIN WRECK.
Engineer and Fireman Killed and Sev-
en Persons Are Injured.
St. Louis, July 29.—A southbound
passenger train on the St. Louis, Iron
Mountain and Southern road which left
here Friday evening for Texarkana,
was wrecked Saturday at Diaz, Ark.
Engineer and firemen were killed and
seven persons injured. At general
offices here it was said that Engineer
William Horton and Fireman A. Doolin
lost their lives, five passengers and
two mail clerks injured and one pas-
senger seriously hurt.

Fifty Injured.
Kansas City, July 29.—A special to
the Star from Fort Smith, Ark., says
fifty persons were injured in a wreck
on the Little Rock and Fort Smith
railway at Ozark. A. F. Gant, a Mem-
phis traveling man, is believed to be
fatally injured. St. Louis and Kan-
sas City people were reported to have
sustained injuries.

ONLY CERTAIN ONES.
Not Necessary For Haas to Answer
Incriminating Questions.
Washington, July 29.—In proceedings
against recalcitrant witness Haas in
the cotton report leak Judge Wright
held that Secretary Wilson's report
puts Haas in the attitude of defendant
in criminal proceedings and that he
could not be required to answer ques-
tions as to whether he ever lived at
Washington or had been employed in
the department of agriculture and ex-
cusing him from answering those as to
whether he knew Holmes or Peckham.

SENSATION SPRUNG.
Mississippi State Troops Mobilized on
Louisiana Line.
New Orleans, July 29.—A sensation
was sprung in quarantine circles Fri-
day night by the warlike action of
Governor Vardaman.
Governor Vardaman has detailed
Colonel C. C. Wyatt, inspector general
of the Mississippi National Guard, to
mobilize to state troops on the Louisi-
ana line as quarantine guards. Eleven
men under command of Major Brown
of the Cameron Light Artillery have
been sent to Gulfport for quarantine
duty.
The presence of armed soldiers on
the Louisiana boundary will prompt
bitter feelings against Governor Var-
daman and the state of Mississippi, which
has refused to allow passenger and
baggage communication from New Or-
leans. The troops are doing quarantine
duty on the east bank of Pearl river
with instructions to enforce the usual
shotgun rules.
Adjutant General Fridge of Gov-
ernor Vardaman's staff said that the
whole of the state militia would be
camped on the state boundary line if
the present quota of troops was found
insufficient to keep refugees out of
Mississippi.

No Immune Certificates Accepted.
Mobile, July 29.—At a meeting of the
committee of public health it was de-
cided to accept no immune certificates
from any of the quarantined places to
enter Mobile city or county. The com-
mittee authorized the issuance of iden-
tification certificates and these will be
issued from the office of the board of
health to all parties wishing them.

Nothing Alarming.
Cincinnati, July 29.—In response to a
request of the Times-Star Governor
Blanchard of Louisiana says he does
not regard the yellow fever situation
at New Orleans as alarming. He con-
siders the action of other states quar-
antining against all of Louisiana as
unreasonable and unjust.

Strict Quarantine at Memphis.
Memphis, July 29.—By a vote of 9
to 3 the legislative council of Memphis
went on record as favoring a strict
quarantine against New Orleans and
other fever infected points.

DAN LIVELY DIES.
Well Known Texan Succumbs to Yel-
low Fever in Panama.
Dallas, July 29.—D. O. Lively, who
was reared in this city, died at Panama
of yellow fever, where he was in the
banking business. Mr. Lively was for
a long time connected with the Times
Herald. He afterward edited a live-
stock paper at Fort Worth. He then
went to Chicago where he was em-
ployed by a stockyards firm. Mr. Live-
ly before going to Panama was in the
oil business at Beaumont. M. T. Live-
ly, a brother, is a leading Dallas at-
torney. His mother and other relatives
also reside here.

HEALTH OFFICER SLAIN.
Was Attempting to Arrest a Negro
Who Was Abusing a Woman.
Galveston, July 29.—Martin Mayo
died here from the effects of a gunshot
wound. Eugene Hull, a negro, is held
on a charge of murder. Mayo was a
health officer of the city and was en-
deavoring to arrest Hull for abusing a
woman.

Sank Majors Indicted.
Waco, July 29.—The grand jury met
in special session and returned an in-
dictment in which Sank Majors is
charged with criminal assault on Mrs.
Clintie Robert, wife of Captain Ben
Robert of Golindo. Judge Surratt or-
dered the case set for trial in his court
next Wednesday.

May Lose Both Arms.
Lockhart, Tex., July 29.—Patricio Tig-
lerina, a Mexican baker, was shot and
seriously wounded in an affray, having
both arms broken above the elbow. It
is thought that amputation of both
arms will be necessary. His antagonist
escaped unhurt and has not been cap-
tured.

Thirteen Chinamen Arrested.
El Paso, July 29.—Thirteen China-
men, hidden in box cars, safely got
across the border, only to be discov-
ered trying to get away from the train.
The entire lot was surrounded by im-
migration officers and arrested.

Baby In Basket.
Hutchins, Tex., July 29.—Aroused by
the barking of dogs and the cries of
a baby, Jack Gorman arose and found
a baby tucked in a basket in the middle
of the street near his home, the child
being a girl, five or six days old.

OFFICERS CHOSEN.
J. A. Crutcher of Muskogee Was Elect-
ed Presiding Officer.
Weleetka, I. T., July 29.—At the con-
vention of the Territorial association of
the Christian church the following offi-
cers were elected for the ensuing year:
J. A. Crutcher, president, Musko-
gee; Randolph Cook, vice president,
Afton; F. H. Groan, secretary, Weleetka;
E. T. Bradley, auditor, South McAles-
ter. The next annual meeting will be
held at South McAlester.

Charged With Burglary.
Chickasha, I. T., July 29.—Frank
Quick, Will Popejoy and Bert Evans,
all lads from ten to fifteen years of age,
were tried before Judge Payne on a
charge of burglary. It was alleged that
they entered a Rock Island boarding
car and took various articles. Quick
was bound over in the sum of \$500 and
bonds of other two fixed at \$300.

Seger Resigns.
Guthrie, July 29.—John H. Seger,
founder of the Seger Indian Industrial
school in Custer county, and for thirty
years an instructor in that institution
and in missionary work among the
Cheyenne Indians in western Oklahoma,
has resigned because of trouble with
the interior department.
